Summer 2018

DONATE NOW

Dear Friend,

Thanks to your extraordinary generosity, it has been a banner year for the Saint Francis Foundation. We just completed our 2018 fiscal year and recorded the best fundraising year in the Foundation's history; raising more than \$12 million for Saint Francis Hospital and Medical Center, Mount Sinai Rehabilitation Hospital and Johnson Memorial Hospital. I am so proud of our dedicated Foundation team, our executive leadership, our world-class physicians and outstanding nurses, as well as the numerous and enthusiastic colleagues and volunteers who work side-by-side with the Foundation to raise these vital funds so that we may continue to improve and enhance patient experience.

We are extremely humbled by the generosity of so many; with special appreciation for several transformational gifts including an anonymous \$5 million estate gift, a second grant from W.K.Kellogg Foundation for \$2.1 million, a seven figure gift from Joyce and Andy Mandell, a follow-up gift to the Vicevich Multi-Specialty Pavilion and Lupus Center from Barbara Vicevich for \$500,000, a \$500,000 gift from United Technologies to support our Hope & Healing Cancer Campaign, a \$500,000 gift from two special donors who created an amazing playground for the children at Mount Sinai and \$250,000 from Mary Gibbons for the John M. Gibbons Pavilion for Women. Our *Profiles in Caring* magazine, available in September, will recognize some of these amazing gifts and how they will impact our patients' lives. All gifts will be listed in our donor recognition magazine and on our website.

These major donations, coupled with annual gifts, memorials, grants, and special event sponsorships and participants, ensures our ability to continue to care for our patients and their families with world-class and compassionate care. We hope you know how much we truly appreciate your support, your partnership, and your commitment to our

hospitals. Together we are able to provide access to health care for the more than 3 million neighbors in our region.

We look forward to the year ahead, and wish you and your family a healthy summer filled with love and laughter.

Warmly,

Lynn B. Rossini
