**2018 Nomination Form for the Triompo Family  
Caring Hearts, Healing Hands Award for Nursing Excellence**

**This award is open to all Saint Francis Hospital and Medical Center and Mount Sinai Rehabilitation Hospital Registered Nurses.**

This award has been made possible through the generous support of the Triompo family to acknowledge St. Francis Care nurses who demonstrate exceptional performance, caring and compassion.

Three categories of exceptional performance have been identified:

**Advocacy:** Nurses who have accomplished significant results on behalf of a patient, family and/or community by assuming a leadership role to identify and help resolve ethical and clinical concerns within the clinical setting.

**Caring Practices:** Nurses who provide care that is responsive to the unique needs of the patient and family, and which creates an environment that is compassionate and therapeutic through the promotion of comfort and avoidance of suffering.

**Clinical Practices:** Nurses who have the ability to integrate active listening and effective communication with nursing knowledge, skills, and experience to promote the best possible outcomes for patients and their families.

**Deadline March 31, 2018**
